# About School of Law

School of Law offers a curriculum designed to impart contemporary legal knowledge, acts, legal procedures, discussions of contemporary technology-enabled systems, processes and procedures in the course of teaching Indian laws as well as international laws. The focus is on developing a critical and usable understanding of the laws of India and international laws extending to related domains such as business, international trade and relations.

The teaching-learning process blends knowledge and skills in such a way that the student can apply them in the real world with a focus on promoting and delivering multi-disciplinary inquiry and practical appreciation of problems. The pedagogy offers an optimal integration of classroom lectures, Moot Courts, Cases, Case Studies, Judgment Review and Analysis, Projects and Assignments.

Each course is monitored by a module leader who facilitates academic delivery by professional/s and/or academician/s having proven competencies and experience in a range of domains under law and allied areas. The module leader provides a teaching plan well

in advance: the plan includes course outline, teaching plan, reference materials, cases, etc. A module handbook consisting of various case studies, lecture notes, research papers, judgments and judicial reviews of various courts, reports, and allied content is also provided to each student.

## Teaching Methodology

1. Physical, mental, spiritual and vital education integrated into the curriculum, both inside and outside the classroom environment, helping students develop an appropriate life balance.
2. Innovative Teaching Pedagogy is based on 20-30-50 principle.
  - i. 20% learning takes place through hearing.
  - ii. 30% learning takes place through seeing.
  - iii. 50% learning takes place through doing.
3. Experiential learning integrated into each module of the program, with an emphasis on bridging the gap between theory and practice.
4. Expert lectures are organized to facilitate first hand learning from experts in the field.
5. It is an optimal integration of Lectures, Seminars, Workshops, Moot Courts, Mock trials, Panel Discussion, Case Studies, Judgment Review & Analysis, Research Projects, Assignments, and

## ABOUT ALC (AURO Litigious Committee)

Moot court is an elegant concoction of researching, drafting, and pleading. It is the art of learning the central tenets of advocacy. Clinical education, learning through experience, is an imperative for education to prepare for the cut-throat competition of the 21st century. Mooting is one such activity that is an important part of clinical legal education. AURO Litigious Committee was formulated to promote and propagate mooting. School of Law has been organising National Moot Court Competitions every year which witness sweeping participation. Students from all across the country, including some of the top national law schools participated.

## About Mooting

Moot court is a unique competition where law students learn through simulation of court-room environment and they research, analyze, prepare written submissions, and present oral arguments before judges. Mooting, however, is not like public speaking or debating, rather it is an art of convincing the court in your favour. Mooting brings out in a student all the core techniques that a law student needs to build in themselves for a successful law career.

Harvard Law School approved student-run moot court programs in 1910 utilizing a board of third-year students who served as advisors to first-year students. Since then, mooting has become the celebrated event that it is today.
